

No Toxic Waste!

We, the voting undersigned oppose Elcon's chemical hazardous storage and treatment facility at 100 Dean Sievers Place, Falls Township, PA. We oppose the facts that Elcon could generate 25 tons of new air emissions annually, including nitrogen oxide, sulfur oxides, volatile organic compounds, and possibly other harmful emissions, with most of those pollutants blowing predominantly over Bucks & Burlington Counties and much of the surrounding areas of New Jersey. We also oppose the annual transportation on our highways of close to 200,000 tons of hazardous waste on about 25 daily tanker trucks. The proposed site is less than ½ mile from the Delaware River and is hydrologically connected to the River through wetlands and streams. With over 17 million people getting their drinking water from the Delaware we feel mechanical malfunction, storm surge, and even human error, could cause a disaster.

We urge you to work for us and oppose the siting of Elcon at this location.
